

# ICCSC Shura Election 2025 Manifesto – Farooq Hussain

## Introduction :

I have had the pleasure of living in Charlotte for 39 years. During this time, I have witnessed both the city and our Muslim community flourish. I fondly remember when there were no masjids for prayer, and now, Alhumdulillah, we are blessed with so many masajids around the Charlotte area.

## Vision:

I am incredibly optimistic about the future of ICCSC. The growth we are experiencing, along with the influx of new families moving to the South, presents us with an exciting opportunity to become a central hub for gathering and practicing Islam.

I look forward to being a part of this vibrant future.
